To try and describe this album with even the most superlative of words would still be doing it no justice! It is without a doubt one of the most remarkable albums of today. A combination of reggae, electronic and folk/pop together with brilliant instrumentation and Mishka's astonishingly unique and remarkable voice just make everything sound so right. You'll be hooked after the first song, in love after the second, and then completely reborn from there on. Do yourself a favour; buy it, listen to it! 5/5 ~Ashleigh Gray
